

R 2414 AT RISK PUPILS

A. Assessment

1. School district personnel will use a variety of tests and/or assessments to determine if a pupil should be categorized as at risk of not meeting the proficiencies of the New Jersey Core Curriculum Content Standards.
2. Information regarding the district's assessment program, along with interpretive materials, will be released to the public as required by rules of the State Board of Education.

B. Basic Skills Improvement Program

The Basic Skills Improvement Program will provide for:

1. Supplemental instructional and related activities and services responsive to identified deficiencies and designed to meet the academic, social, economic, and environmental needs of pupils;
2. Evaluation of the progress of pupils toward proficiency in meeting the New Jersey Core Curriculum Content Standards;
3. Evaluation of the effectiveness of the district at risk program, in terms of pupil gains and other relevant factors;
4. A detailed budget for the administration, personnel, supplies, equipment, training of staff, and health and community services required for the at risk program;
5. Both the pupil and the pupil's parent(s) or legal guardian(s) will be notified of the pupil's need for at risk education. Notification will be made in writing in the language or mode of communication that is understood by the pupil and the parent(s) or legal guardian(s);
6. Continuing communication between teaching staff members and the parent(s) or legal guardian(s) of pupils receiving at risk education;
