

R 2624 GRADING SYSTEM**A. Purpose of Grading**

1. The purpose of grading is to assist pupils in the process of learning; all grading systems will be subject to continual review and revision to that end.
2. Grades acknowledge a pupil's demonstrated proficiency in the New Jersey Core Curriculum Content Standards and locally established learning goals and objectives:
 - a. Active participation in and attention to daily lessons,
 - b. Frequent contribution to discussions,
 - c. Prompt, thorough, accurate, and neat preparation of assignments,
 - d. Thorough preparation and performance on tests and assessments,
 - e. Display of an eagerness to learn and an inquisitive approach to lessons,
 - f. Attention to the need for proper materials,
 - g. Cooperation with the teacher's efforts, and
 - h. Willingness to work to the best of his/her ability and to do more than the minimum expected.

B. Preparation for Grading

1. Each pupil must be informed of the behavior and achievements expected of him/her at the outset of each course of study or unit of study.
2. Each pupil must be kept informed of his/her progress during the course of a unit of study. Pupils who so request are entitled to see the grades resulting from their performance during the grading period.
3. Each method of grading shall be appropriate to the course of study and the maturity and abilities of the pupils.
4. Pupils should be encouraged to evaluate their own achievements.
5. The process of review and revision will involve teaching staff members, parent(s) or legal guardian(s), and, as appropriate, pupils.

C. Grading Periods

1. Grades in major subject areas will be awarded at the following intervals:

Grade Levels	Frequency
Kindergarten	two times per year
One through five	three times per year
Six through twelve	four times per year

2. Grades will be recorded on report cards for parent(s) or legal guardian(s) notification in accordance with Policy No. 5420 and Regulation No. 5420.

D. Grade Validation

In order that he/she may justify a grade, each middle school and high school teacher is directed to retain in his/her possession the following records to validate grades awarded to pupils. The records should be kept by the Principal for a minimum of six years after the end of the school year in which the grades were awarded.

1. All grades earned for classroom activities such as quizzes, tests, reports, and class recitations;
2. All grades earned for activities conducted elsewhere, such as homework assignments and term papers; and
3. Any notation regarding the meaning of each grade and its relation to the type of activity or material covered.

E. Appeal

1. Each teacher is responsible for the determination of the grade a pupil receives for participation in the teacher's course of study.
2. Each teacher may be required to furnish reasons, supported by evidence (see paragraph E above) to substantiate any grade earned.

3. If a grade is challenged by a pupil or a parent(s) or legal guardian(s), the teacher will convene a conference and will explain the grading system and the reasons for the final grade.
4. If the parent(s) or legal guardian(s) or pupil is not satisfied by the teacher's explanations, he/she may appeal the grade to the Principal, who will consult with the teacher and the pupil in an attempt to resolve the dispute. The Principal will give every reasonable deference to the teacher's professional judgment.
5. If the Principal determines that the grade should be changed, he/she will alter the grade on all records and indicate by whose authority the grade has been changed.
6. No reprisals will be taken in any form against a teacher who remains determined in his/her belief that the grade originally given is fair and correct.
7. The Superintendent may hear an appeal from the Principal's determination. Only in the most extraordinary circumstances will the Superintendent alter a grade determined at the school building level.
