

4436 PERSONAL LEAVE

The Board of Education may provide compensated absence for reasons of personal necessity for teaching staff members not covered by the terms of a negotiated agreement or in an individual contract with the Board.

The Board authorizes the Superintendent or his/her designee to determine the reasons for which personal leave will be granted, and the manner of proof of personal necessity. The number of personal days an employee is allowed to use in any one school year will mirror the entitlement in one of the collective negotiations agreements in effect in the district as determined by the Superintendent, or such other number as may be recommended by the Superintendent and approved by the Board.
