

6220 BUDGET PREPARATION

The annual budget is the financial plan for the effectuation of the educational plan for the district; its preparation is, therefore, one of the most important functions performed by the Board of Education. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain school district facilities, and to honor continuing obligations of the district.

A proposed budget requires the critical analysis of every member of the Board during its preparation. The administration shall work with the Board to ensure Board members have a thorough understanding of the budget appropriations, budget revenue, the proposed educational program and the budget's impact to the local tax levy. The Board shall also provide for community input during the budget development process.

A newsletter will be published to explain the annual school budget and will be distributed to district taxpayers prior to the budget hearing.

The newsletter will include:

1. A summary of the proposed expenditures and anticipated revenues;
2. General information which may enable district taxpayers to understand the proposed budget better, for example, present and projected school enrollments and assessed valuations, State aid, and teachers' salaries; and
3. An explanation of significant changes in the budget.

The annual school district budget and supporting documentation shall be prepared in accordance with the provisions of N.J.S.A. 18A:7F et. seq. and N.J.A.C. 6A:23A-8.1 et. seq. The Board will obtain approval of the local funding for a non-referendum capital project (school facility project or other capital project) in accordance with the provisions of N.J.A.C. 6A:23A-8.4
